THE INDIGENOUS

AI HAS THE ABILITY TO CHANGE THE LIVES OF THE FIRST NATIONS PEOPLES OF AUSTRALIA. IT HAS THE ABILITY TO INCREASE THE ACCESSIBILITY OF EDUCATION OF PEOPLE WITH INDIGENOUS BACKGROUND, ESPECIALLY IN THE AREAS WHERE IT IS REMOTE, AND EDUCATION AS WELL AS HEALTHCARE CAN NOT BE EASILY ACCESSED. ONLINE AI PLATFORMS AND SERVICES CAN BE CREATED TO SUPPORT AND HELP MANY THAT ARE IN NEED OF MEDICAL SUPPORT. ADDITIONALLY, ONLINE PERSONALISED TEACHERS AND COURSES CAN BE CREATED WHICH CAN BE ADAPTED TO STUDENTS TEACHING NEEDS.

CONCLUSION

YOU MAY BE WONDERING WHY THE INDIGENOUS AND THE HOMELESS WAS THE KEY AREAS IN TOPIC IN THIS POSTER. THIS IS DUE TO THE FACT THAT IN AUSTRALIA, NOT ENOUGH CREDIT IS BEING GIVEN TO THE FIRST NATIONS PEOPLE, SO WE DECIDED TO INCLUDE THEM AS OUR FIRST PRIORITY. FURTHERMORE, THE HOMELESS IS A HUGE PROBLEM THAT IS SURFACING NOT ONLY AROUND AUSTRALIA, BUT THE GLOBE, SO THIS IS ALSO A GLOBAL ILLUSTRATION. IN CONCLUSION, THE USE OF AI CAN SUCCESSFULLY IMPROVE THE LIFE, HEALTH AND WELLBEING OF AUSTRALIANS IN THE FUTURE, AND CAN LEAD THEM TO A EVERSO SUCCESSFULL FURTHER LIFE
